FY 2006 YEAR END CLOSING INSTRUCTIONS

This document provides instructions for closing the accounting records for the Fiscal Year (FY) ending September 30, 2006. The FY 2006 final reports will reflect all accepted accounting entries made through **September 26**.

To ensure the FY 2006 final reports accurately reflect the status of your organization, accounting documents and adjustment requests must reach your servicing finance office by the dates indicated in these instructions. All accounting documents and adjustment requests received in your servicing finance office after the dates indicated in these instructions must be sent through your respective Line/Staff CFO Office for pre-approval.

It is the responsibility of the Line/Staff Offices to review reports frequently to ensure all documents that you have sent to your servicing finance office have been recorded accurately in the Commerce Business System (CBS).

If you send a document to your servicing finance office and do not see the transaction on your reports within a reasonable time frame, contact the appropriate servicing finance office or employee who is responsible for the document as indicated on the following websites:

Undelivered Orders

Undelivered Orders are obligations for goods/services that have been ordered but have not been received. Obligating documents should be sent to the servicing finance office as soon as they are completed.

September 25

Obligating documents for undelivered orders must be received by your servicing finance office.

Disbursements

Disbursement documents (invoices, vouchers, etc) should be submitted as soon as they are received.

September 15

To ensure that a disbursement occurs in FY 2006, disbursement documents must be received in your servicing finance office. If a disbursement document is received after **September 15**, it will be accrued and processed for payment in FY 2007.

If an emergency payment is required after **September 15**, it must be processed by the Accounting Operations Division. To qualify as an emergency payment, it must require immediate action to avoid (1) a shutdown of a NOAA mission; (2) an adverse political reaction; or (3) discontinuance of a service (i.e., utilities, telephone, etc.). All emergency payments must be certified by the Line/Staff Office Chief Financial Officers.

For questions related to emergency payments and/or copies of the Emergency Certification Form, please contact Keith Schellhase at 301-444-2780.

Collections

September 22

Collections must be received to ensure they are recorded in CBS in FY 2006.

Collections received after September 22 will be deposited, but not recorded in CBS until FY 2007. The Financial Reporting Division will review deposits for material dollar amounts occurring September 23 through September 30 and determine if a manual on-top adjustment to the FY 2006 accounting records is necessary.

Adjustments

September 15

Document level adjustments for transactions entered into CBS prior to September 8 must be submitted to the servicing finance office.

September 22

Document level adjustments for transactions entered into CBS after September 8 must be submitted to your servicing finance office.

Document level adjustments should be sent to the responsible employee identified in your servicing finance office's website listed on page 5. Line/Staff Offices should consider processing small dollar adjustments as summary level adjustments whenever possible.

Adjustments below \$1,000 may not be processed due to tight time constraints at year end.

September 22

Labor Cost adjustments should be sent to the Funds Management Branch, Financial Reporting Division, NFA211.

Accruals

Accruals are obligations for goods/services that will be received by September 30, but have not been paid. For further information, please view the accruals presentation at

If you submit an invoice after year end closing for a document that you accrued in FY 2006, please write '**Accrued**' on the invoice so that finance staff will know to reduce the accrual when paying the invoice.

Also, NOAA adjustments for travel costs that should be moved over to 8LP1A01 (Gifts and Bequests Fund) will be initiated by your servicing finance office prior to year end closing.

Government and Commercial Bills of Lading (GBLs & CBLs)

September 22

Submit year end accruals for GBLs and/or CBLs to your servicing finance office using the form at page 10. On the accrual request, please include the name of the shipping company providing the service in the Remarks column.

GSA Telecommunication Charges

August 14

The Finance Office will create accruals using the May invoice for June, July, August and September. The Telecommunications Division will distribute for review a telecommunications accrual file for the same months to the Line/Staff Offices. Questions concerning the file should be directed to Cliff Schoenberger on (301)713-3333 x217 or Cliff.Schoenberger@noaa.gov.

August 31

Line/staff offices will return the file with corrections/adjustments to the Telecommunications Division and to the Finance Office. The finance office will make updates based on the corrections/adjustments submitted by the line offices.

Interagency Agreements - (IAGPO)

September 22

Submit year end accruals to your servicing finance office using the form at page 9. If you have not received any accrual documentation from the other Government agency, you must estimate the amount of the agreement that should be accrued for services that will be received through September 30.

Leases

September 22

Accruals for leases should be reviewed to ensure the accruals plus prior disbursements reflect the expected annual cost.

For existing accounts, CBS will automatically project accruals through September 30th. New leases are not included in this projection. Submit accruals for new leases to your servicing finance office by using the form at page 10.

Local Travel and Employee Reimbursements

September 15

Accruals will not be accepted for local travel vouchers and miscellaneous employee reimbursements. Local travel vouchers and miscellaneous employee reimbursements must be received in the servicing finance office by **September 15** to ensure payment in FY 2006. If these are received after **September 15**, they will be paid in FY 2007.

Motor Pool

It will not be necessary to send accruals to the Central Finance Branch. The last billing that is received and paid by September 19 will be used to establish accruals. There is a very short time to process the August billing, therefore it is imperative that you forward any GSA Miscellaneous Billing Form 2559 directly to Central Finance Branch as soon as you receive it.

Because all accruals must have a vehicle tag number as a reference, please notify Central Finance Branch of the tag number and the

accounting information if your office acquires a GSA vehicle that does not appear on the July billing.

These accruals will be processed by Central Finance Branch by September 19. You may send any information to Judy Bates via electronic-mail at Judy.A.Bates@noaa.gov. You may also reach Ms. Bates on 816)426-7833.

Payroll

During the middle of September, payroll accruals based on pay period 17 will be established in CBS to reflect estimated payroll expenses through September 30. These accruals will provide Line/Staff Offices with an idea of remaining funds available for obligation or possible carryover. The majority of accruals will be replaced with actual expenses when pay period 18 is processed in CBS at the end of September.

Purchase Card and Convenience Checks

September 21

Purchase card statement period closes.

September 22

The transactions from Citibank will be loaded into the Commerce Purchase Card System (CPCS).

CBS Bankcard team will notify Cardholders/Approving Officials by email when they are able to reconcile these transactions. Notification will also be posted on the CBS website:
<http://www.corporateservices.noaa.gov/~cbs/cpcs.htm>

Manual accruals will not be accepted for purchases that are not on the September 22 statement. These purchases will be charged to FY 2007.

September 26

Transactions not reconciled during this period will be swept and recorded under the default accounting assigned to the purchase card.

Purchase Orders (CD-404/406)

September 22

Purchase Orders require a receiving report in order to record an accrual. The receiving report must be received in the servicing finance office by **September 22**. Please do not use the accrual request form for purchase orders.

Recurring Payments (Utilities, Commercial Telephones)

The CBS will generate a listing of projected accruals through September 30 and send to the finance offices.

August 14

The servicing finance offices will distribute a listing of projected accrual transactions to the Line/Staff Offices. Line/Staff Offices will review the list to ensure the accruals plus prior disbursements reflect the expected annual cost.

August 31

Line/Staff Offices will make appropriate adjustments and return the list to their servicing finance office.

Manual year end accruals should only be submitted for new accounts where no previous invoices have been paid.

September 22

Submit year end accruals for new accounts to your servicing finance office using the form at page 10.

Training

September 23

Submit year end accruals to your servicing finance office using the form at page 10.

These accruals should only include training that cannot be purchased with the Purchase Card and will take place by September 30.

Transportation for Travelers

September 22

Submit year end accruals to your servicing finance office as soon as the Travel Authorization is signed by the authorizing official using the form at page 10 but not later than **September 22**.

Transportation accruals should be based on the following criteria:

- If a transportation ticket (air, train, etc.) for FY 2006 travel will be issued by the SATO office or NAVIGANT (Mountain Finance Branch) for travel beginning after **August 31 (See note below)**, send a copy of the travel authorization and the accrual form at page 10 to your servicing finance office.
 1. Make separate entries on the accrual request for the ticket amount and transaction fee since these have to be accrued separately.
 2. Indicate on the accrual form in the Remarks column the Travel Management Center (San Antonio, Silver Spring, HCHB, or Mountain Finance Branch) where the ticket was purchased.
- If the traveler is charging his/her transportation tickets to his/her Government issued travel card for FY 2006 and the travel is completed after **September 8**, send a copy of the Travel Authorization to your servicing finance office to accrue the transportation cost using the form at Page 10.

Note: Since August 31st is an estimated cutoff date, some transportation charges for travel after this date may be included on SATO invoices which will be processed by the finance office. If you have submitted an accrual request, but see a duplicate accrual in your reports, please contact your servicing Finance Office to reverse the manual accrual. If you see an accrual in your reports for transportation charges for travel after August 31, you should not send an accrual request to your servicing Finance Office.

Travel Vouchers - Permanent Change of Station (PCS)

PCS orders issued in FY 2006 must be obligated using FY 2006 funds.

September 22

To obligate a PCS order, submit a CD-29, Travel Authorization and the Estimated Relocation Expense Worksheet to your servicing finance office. Indicate on the travel authorization "PCS OBLIGATION".

Travel Vouchers - Temporary Duty (TDY)

September 15

Year end manual accruals will not be recorded for TDY travel.
(except airfare—see transportation for travel accrual instructions)

For travel reimbursements to be made in FY 2006, travel vouchers must be received in your servicing Finance office for approval and processing no later than September 15 at 4:00 pm EST. The vouchers must be completed in Travel Manager.

A signed voucher is necessary for payment; therefore, immediately forward the appropriate supporting documents to your servicing finance office. If you cannot provide the original documents in time, a fax will be acceptable; however, ensure you follow your servicing finance office guidelines for submittal of vouchers.

Travel vouchers received between September 16 and by close of business September 22 will be processed as FY 2006 business and paid after year-end closing. The vouchers must be completed in Travel Manager.

September 22

An approved paper voucher with supporting documentation must be received by your servicing finance office in order for the system to record an accrual for the travel expenses.

If the recording of a FY 2006 accrual for travel which begins in FY 2006 and ends in FY 2007 is desired, a partial travel voucher can be completed in Travel Manager for travel expenses incurred in FY 2006.
